

BREF (Best Available Techniques Reference Document) in common wastewater and waste gas treatment/management systems in the chemical sector (European)

The BREF (Best Available Techniques reference document) on waste water and waste gas treatment and management in the chemical sector reflects an information exchange carried out under Article 16(2) of Council Directive 96/61/EC. For this context, the document can be applied to prevent the release of pellets to the environment from industrial sites. The criteria set in the BREFS are integrated in the permits of manufacturers of plastic materials

Facts

Place / Location	European
Commencement Date	2003
Duration	Ongoing
Theme	Prevention
Type of Initiative	Policy/Regulation Implementation
Initiated by	
Involved Stakeholders	Plastic Industry
Funding/Financial Support	
Success Rate	Very Successful
Case Study prepared by	PlasticsEurope
Submitted by	PlasticsEurope
